

Kids Who Read "R" COOL

Reading expands IMAGINATION

Remember that readers are leaders.

Spend at least 30 minutes a day reading!

The greatest inventors of our day were veracious readers!

Whatever interest you have you can learn more or perfect your skills.

Reading is like exercise for the brain.

Don't feel like reading today? Well why not write your own book then.

"Outside of a dog, a book is man's best friend. Inside a dog, it's too dark to read."
