

No Teacher Left Behind Packet: The MAGIC of Cooperation!

Dear Teacher,

I hope you enjoyed my presentation “The Magic of Cooperation”, my goal is to make the program educationally significant for your students. To support that goal I have created this packet for YOU!

In this packet you will find the following:

- Assorted worksheets for students, teachers & parents.
- Assorted activities for classroom and home plus online resources.
- Bibliography
- Bookmarks (I suggest using card stock to make them more durable)
- Parent letter to send home explaining program & ideas shared.
- Collaboration activities when applicable.
- Evaluation of this packet.

In this packet are suggestions of what you could do to further reinforce the message of today’s program. It is up to you what and how you use any of the material in this packet. My goal is simple to help you reinforce the information shared in my program.

Let me close saying, THANK-YOU FOR WHAT YOU DO!!

Sincerely,

Brian Richards

Brian Richards

P.S. Please note that all worksheets can be printed in B&W to save cost.
